

Reimagining Public Safety & Security on Transit

THE PLAN

Building a better transit system together

Outreach

- 1 Engaging with riders, community members, local leaders, as well as frontline employees and security staff, through virtual town halls, listening sessions, surveys and focus groups
- 2 Partnering with the Coalition of Communities of Color to ensure feedback from a range of voices reflecting all those we serve

Research

- 3 Identifying best practices in the transit industry for public safety and equity
- 4 Analyzing regional security challenges and TriMet incident data to identify opportunities for different security approaches

Inform

- 5 Gathering a committee of regional thought leaders and national transit safety experts to advise TriMet as we move forward on community-informed safety efforts

Project Timeline at a glance

July	August	September	October
Develop engagement	Listening sessions	Listening sessions	Transit Safety Advisory Committee
	Rider online surveys	Rider online surveys	Recommendations to GM
	Partner online surveys	Partner online surveys	
	Virtual town halls	Virtual town halls	
	External & internal research	External & internal research	
		Transit Safety Advisory Committee	

Community Outreach, Engagement and Listening Phase

TriMet is in the process of reaching out to dozens of culturally specific and community based partners to help inform the process, convene focus groups, and gather feedback

AARP	Disability Rights Oregon	Living Cully	PCC
Africa House (IRCO)	Division Midway Alliance	Muslim Education Trust	PUAH
